FULL STACK DEVELOPER STUDENT

SUMMARY

Full Stack Developer currently enrolled in a Diploma in Full Stack Development from Code Institute. I have the ability to produce clean, maintainable and re-usable code. Experience building responsive websites using HTML, CSS, JavaScript & Python as well as using frameworks like Bootstrap. Strong knowledge with using Git and GitHub. I possess strong communication and listening skills from 5 years' experience in a customer facing service role. Looking for a good opportunity as a Junior Full Stack Developer that will allow me to grow my portfolio and knowledge in the Software Industry.

PORTFOLIO PROJECTS

The Feathered Duck Inn Website Developer

May 2022 - Jun 2022

This project was designed as an interactive restaurant website made using Vanilla HTML, CSS and JavaScript. Customers can easily maneuver to different sections of the site to find information about the latest offers, menu, booking a table and even find the location of the restaurant.

- This portfolio earned me a Merit grade for Project 1 of my Code Institute Full Stack Developer course.
